Server error: Connection reset by peer | End of script output before headers

Article Number: 108 | Rating: 5/5 from 1 votes | Last Updated: Mon, Feb 28, 2022 at 12:58 AM

I managed to solved this by adding **FcgidBusyTimeout** . Just in case if anyone have similar issue with me.

Here is my settings on my apache.conf:

```
<VirtualHost *:80>
.....
<IfModule mod_fcgid.c>
FcgidBusyTimeout 3600
</IfModule>
</VirtualHost>
