Script timeout passed if you want to finish import please resubmit same zip file and import will resume : phpMyAdmin

Article Number: 85 | Rating: Unrated | Last Updated: Sat, Dec 25, 2021 at 1:02 PM

Then in phpMyAdmin i have changed $cfg['ExecTimeLimit'] value to 0. Now it is working fine.

phpMyAdmin\libraries\config.default.php

```
/**
* maximum execution time in seconds (0 for no limit)
*
* @global integer $cfg['ExecTimeLimit']
*/
$cfg['ExecTimeLimit'] = 0;
```
